

RESILIENCE IN A BOX

STRENGTHENING COMMUNITIES GLOBALLY

BUSINESS PREPAREDNESS CHECKLIST

Research indicates that 43% of businesses never reopen after a disaster, and 25% of business that do, fail within a year. “Resilience in a Box”, and all of its resources, is designed to provide the most effective ways to increase your ability to survive and thrive after any disaster such as a flood, earthquake, power outage, etc. Complete this self-assessment to rate your business’ readiness here!

HAVE YOU:

- Assembled a “team” of individuals within the business who know key operations and can provide important perspectives when planning for and responding to disasters?
- Assigned someone to lead business disaster planning efforts for your business?
- Organized all your critical documents and information so they are easily accessible when needed most?
- Identified and prioritized which business operations are critical so you know what to recover first, second, etc.?
- Identified the possible hazards (natural and man-made) which could interrupt your business?
- Developed continuity or emergency procedures so you can continue to provide products or services after a disaster (e.g. we cannot access our building, need a generator, etc.)?
- Made accessible all important data or files for decision-making if you were unable to access your facility, e.g. after a fire?
- Maintained updated emergency contact information for employees, vendors, suppliers, customers, and other key contacts?

HAVE YOU:

- Trained employees to assist (e.g. respond to injuries, evacuate building) when an emergency occurs?
- Maintained emergency supplies for your businesses to address immediate needs, such as if employees are unable to go home?
- Encouraged employees to be prepared at home?
- Regularly backed-up your data?
 - If YES, also store your data back-ups offsite?
- Taken steps to safeguard against potential damage to your equipment, buildings or facilities?
- Protected inventory/storage from theft, loss or damage during an earthquake, fire, water pipe break, etc.?
- Maintained procedures to communicate after a disaster with employees, suppliers, vendors, customers, and the public?
- Put a current continuity/emergency/disaster plan in place?
 - Tested it regularly?
 - Updated it at least annually?
- Established partnerships with other businesses, government and/or community organizations that can serve as resources when the next crisis arrives?
